

January 27, 1965

The Honorable
Mr. Peter W. Rodino, Jr.
U. S. House of Representatives
Washington, D. C.
U. S. A.

Dear Mr. Rodino:

I have received your letter of January 12, 1965, enclosing a copy of your bill, H.R. 1139, of January 4, 1965, and I wish to express on behalf of our organization and its members my sincere gratitude for your sympathetic interest and prompt and active assistance in the problems which confront those of our employees who desire to become citizens of the United States.

As far as the proposed legislation is concerned, I am of the opinion that it offers a most gratifying and comprehensive answer to the needs of our employees concerned. I should merely like to invite your attention to a technicality: the full name of our organization is Radio Liberty Committee, Inc., wherefore a corresponding change of the text of the bill would appear to be indicated.

May I say in closing that it was a real pleasure for me and the members of my staff to meet with you and your Subcommittee in Munich. We shall be happy to be of any further assistance and to meet with you again in the near future.

Sincerely yours,

Lewis W. Shollenberger
Executive Director
